Solomon Islands – Dive Gizo

EXPLORE THE UNEXPLORED

Special Group Departure

The Solomon Islands is an exotic wonderland of varied landscapes, rich in cultural and biological diversity. Travellers will enjoy unique experiences and adventures.

This remote corner of the Solomon Islands is the perfect getaway for those looking to explore a destination less travelled by others. **Fatboys Resort**, Bar and Restaurant is located on Mbabanga Island, a 15 minute boat ride from Gizo. With magnificent views across to Kennedy Island and the majestic Mt Kolombangara volcano. The rustic island charm of Fatboys offers tastefully appointed bungalows surrounded by lush greenery. All accommodation is situated within a short stroll to the Bar and Restaurant located along the private jetty, out over the reef.

Scuba diving is organised with Dive Gizo, they offer up 3 boat dives a day to different dive sites with a relaxed surface interval and picnic lunch on one of Gizo's remote islands in between dives. The waters around Gizo are protected and generally calm. A dive on the WWII wreck, Tao Maru - Japanese transport ship, sitting between 7 – 37 metres is a highlight. There are also several plane wrecks from WWII to explore in the area. Another highlight is Grand Central Station, located at the most north western tip of the Gizo Islands. Here the currents are strong, bringing in fish life both big and small. The waters are a hive of underwater action. This is without question, a Divers Paradise and a Photographers dream !
